Soft skills

Active Listener · Team Player · Organized · Decision-Making · Eager to Learn

## Hard skills

- Data Cleaning and Preparation
- Data Analysis and Statistical Skills
- Data Visualization
- Programming (Python)
- Communication and Report Writing

Technical Skill

Radar chart axes: Excel, Power BI, HTML/CSS, Python, SQL, Tableau

Hobbies

- Sudokuer
- Baker & Cook
- Runner

Experiences

Data Analyst
2023-↻
Self Learning

I am transitioning into a career as a data analyst, dedicating my time to mastering data analysis and visualization tools. I have actively participated in hackathons, undertaken freelance projects, and completed self-taught projects in Microsoft Power BI to enhance my skills and gain practical experience in this field.

Assistant Manager
2015-2022
Prestige Groups

I am a civil engineer with over 10 years of experience as a quantity surveyor, where I developed strong skills in data analysis, quantification, and visualization. My work involved managing complex data for billing, contract management, BOQ preparation, and creating project reports for both interior and civil projects. These experiences honed my ability to interpret, present, and analyze data effectively, skills that I am now leveraging to pursue a career as a data analyst.

Education

Bachelor of Engineering
2006-2010
Visvesvaraya Technological University

BE in Civil Engineering from KLS Gogte Institute of Technology , Belagavi, Karnataka, India.

Projects

MTA Daily Ridership Recovery Analysis
29-11-2024

In this project, MTA post-pandemic ridership recovery trends were analyzed, and visualizations were created in Microsoft Power BI to showcase the recovery patterns. The insights gained were utilized to analyze and predict future trends.

How I Cloned the Hackathon Winners!
30-10-2024

The goal of this project was to clone an existing Power BI dashboard to test my replication skills and evaluate my current knowledge. Along the way, I gained valuable insights into templates and company-specific formatting, which will be incredibly useful for my future work.
